

Molecule
to cure.
Fast.™

Quotient Sciences

Integrated services and trusted scientific
insight brought to every molecule and program

30+

Over **30 years** drug
development experience

1000+

1000+ employees integrated
across two continents

230

230 beds across our
Phase 1 clinics

10

Trusted by all of the **10 top-ranked
pharma companies** in the world

Core Services

✓ Drug Product Development & Manufacturing

Scalable drug product formulation, manufacturing, and
supply – from preclinical through commercial.

✓ Translational Pharmaceuticals®

A disruptive approach to drug development, seamlessly
integrating drug product design, supply & clinical testing.

✓ Clinical Pharmacology

Expertise in designing adaptive early phase clinical trials
to overcome development challenges.

Benefits of Working With Quotient Sciences

Our Locations

We operate from several drug product manufacturing and clinical pharmacology facilities in the U.S. and U.K. Our teams, capabilities, and expertise are integrated to provide the most appropriate solutions that optimize resources and are fit for your molecule's requirements.

Philadelphia | Miami | Nottingham | Reading | Edinburgh

✓ Our Partnerships

Collaborative, win-win relationships focused on long term success

✓ Advanced Platforms

Cutting-edge modelling, simulations, and Translational Pharmaceuticals® to optimize development and reduce timelines

✓ Global Manufacturing Capabilities

State of the art facilities in Philadelphia, Nottingham, and beyond for early and late-stage drug product development

✓ Innovative Solutions

A strategic edge for transforming innovative ideas into successful solutions

✓ End-to-End Support

Comprehensive services from preclinical to commercial manufacturing, tailored to your needs
